

The Story

Once you have a console table in your home, you'll wonder how you ever managed without it. Not only does it provide space to showcase a vase, lamp or treasured ornament, but can also become that go-to place to keep everyday essentials, be it keys or a hallway notepad and pencil. And with double drawer space, it means clutter stays contained.

Style Tip

Don't hang artwork or a mirror above it, instead keep things low-key by leaning them against the wall instead. And don't be afraid to go for both.
